Note: The candidature of Ahanthem Homen Singh is being re-scrutinized owing to certain questions raised to the Election Officer's official mail.

Invalid Nominations due to proposer/seconders having gone beyond the stipulated four:

The notice had stated

“Nobody should propose/second more than four candidates. During scrutiny, if one person is found to have proposed/seconded more than 4 people: in the order of recording (following the SAME ORDER maintained in the list of posts for which elections are being held), the 5th form signed by the same person as nominator/seconders will not be considered valid, regardless of the candidate's identity and the position she has been nominated for”.

The wording indicates that proposed/seconded are to be read cumulatively. If they were to be interpreted as 4 separate instances of proposing and seconding, the word respectively would have been added. The absence of respectively means proposing/seconding are to be read cumulatively and together
