

Election Notification

Dated 4 June, 2025

Owing to a large volume of nomination papers, scrutinizing which took time, the list is being uploaded this morning. Deadline for withdrawal from election is midnight of June 6.

All candidates only are being sent the emails of the voters.

A proper ballot will be emailed to voters once the withdrawal process is over. Members will be able to vote online without any printing of the ballot. In view of the large number of possible contests the ballot paper cannot be prepared and the link mailed to voters within 7th 10 AM. We are taking care to ensure secure online ballot, so some time will be needed.

The notice of 10 May had stated:

Members may cast their vote on the website from 10 am of June 7 to midnight of June 9. Results will be downloaded by the presidents and election officer at 11 am on June 10, and will be immediately posted on the website.

This is being modified to read as follows:

Members may cast their vote on the website from 10 am of June 9 to midnight of June 11. Results will be downloaded by the presidents and election officer at 11 am on June 12, and will be immediately posted on the website.
